Contraceptives Covered Under Women's Preventive Services

In accordance with the Affordable Care Act (ACA) and corresponding regulations, effective August 1, 2012, the Coventry Health Care health plans will cover the contraceptive drugs listed below as preventive care benefits with no cost sharing for our fully insured group health members that are subject to the preventive services mandate under health care reform and all individual policyholders. Coventry will cover the contraceptives listed below with no cost share for members receiving these drugs or devices for the prevention of conception. Contraceptives not on this list will be covered at the applicable member cost share.
